

Network Bid 1

Design a simple wired network for the customer:

Ryan Small
5432 Main St.
Cleveland, Ohio 49123
407-999-8989
rsmall@bignet.com

Ryan wants a four computer network for his family with mainstream processors and capabilities. He wants a wired network for his LAN and a connection to the Internet using a local Internet Service Provider (ISP). The family room will have his wife's computer, his office will have his computer. Both children will have a computer in their room. He wants a network laser printer in the family room.

Create a diagram, spreadsheet quote and cover letter for the job and send the documents to your instructor with attachments. Make an informative PowerPoint presentation highlighting the features of the network you designed.
