Mr. Smith,

We have designed a four-computer network on a wireless network for your home for \$6228.18. The majority of work building your system will be done at our shop as to limit any disruption of your busy schedule.

Your computer network has four personal computers with Intel I5 processors, 6 GB of internal RAM and 1 Terabyte hard drives, DVD-R/CD R/W, NVIDIA wireless NIC, and a 18.5 inch widescreen monitor. The PCs have speakers and the first floor unit will have a black and white laser printer. The four systems will have the Windows 7 operating system, Microsoft Office and Business 2010 application, Adobe Reader, Adobe Flash Player, and Antivirus software. We will install a Wireless Ethernet router, a Category 6 cable, and surge protectors in your home. We will post the manufacturer warranties for you and you will receive your documentation in a permanent binder for easy reference. Our installation warrantee is valid for 60 days.

If you desire to purchase an extended warranty, we will add an additional \$200 a year to covers all equipment. If you wish to contact me to schedule your installation or to make changes to our quote, you can call me at 614-222-9200 Monday through Friday from 8 AM to 5 PM, or email me at bwhite@gmail.com. Thanks you for your consideration.

Sincerely,

Brian White
