

PRO-ENGINEER WILDFIRE REFERENCE GUIDE

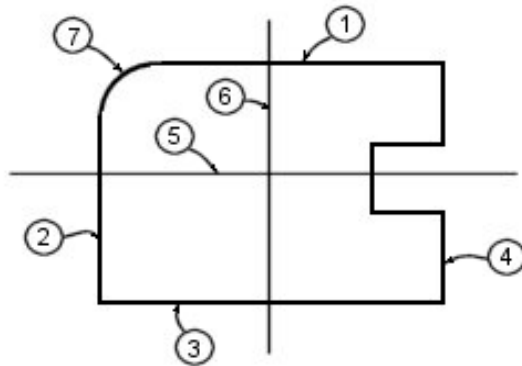

REFERENCES IN “SKETCHER” MODE

* Once in Sketcher Mode, you have the opportunity to pick references.

Sometimes you may want to create some references after you started drawing in Sketcher Mode.

* To begin, select “outside” lines of the part and “cross” datum planes.

Note: “Click” to select part border 1,2,3,4, and 7
“Click” to select datum plane 5 and 6
